IMPORTANT NOTE:

Please return the replaced old parts to us for inspection within 30 days using our RMA form. If we identify an initial defect and if warranty or guarantee claims exist for the part sent in, the replacement part will remain with you for the rectification of the defect and we will credit you with the proven costs of the return shipment or reimburse these costs upon request. The invoice amount of the replacement delivery will then also be credited.

because no initial defect was identified or guarantee conditions were violated), we can demand reimbursement of the costs incurred (in particular testing and transport costs), unless the absence of a defect was not apparent to you. You can purchase the spare part for the stated invoice amount; the warranty period would be one year and would begin with agreement on the purchase of the spare part. Upon request, we will submit an offer for the repair of defective old parts.

For parts delivered for the purpose of remedying defects, you may assert warranty claims on the basis of your original purchase contract until the expiry of the original warranty period of the old part. This does not constitute a new warranty period.
