Service quote related to the REGISTAR project

Item	Quantity	Description	Price
I.		Service regi_star 20	
1	1	Installation, Commissioning and Training including travel time and travel related expenses 0 day(s) for dismantling of old systems and installation (AMCOR) 1 day for wiring and checking 2,5 day(s) for set-up of regi_star 20 3.5 day(s) for optimization during production and production stand-by of regi_star 20 3 day(s) for training of operators and maintenance personnel for regi_star 20 in total a period of 10 man-day(s) (max. 10 hours each) at the premises of AMCOR Sélestat on site, plus the journey of three technicians to and from the site as well as the daily trips to and from the hotel to the plant, hotel accommodation, travel and daily expenses. Service calls will take place on weekdays (Monday - Friday; except Saturday and Sunday and bank holidays and / or night shift). In order to carry out the work required in the indicated time it is necessary that the necessary space at the machine for the installation of the system is prepared and that the machine will be fully available to BST eltromat. Furthermore it is necessary that supporting tools (e.g. lifting devices) incl. necessary operators are at BSTeltromat's disposal for the installation of the BSTeltromat components. Any additional costs which have not been caused by BSTeltromat (for example waiting times due to a machine unavailable for the BSTeltromat activities) will be invoiced according to the actual costs incurred on the basis of our current service rates.
