40	1	Commissioning and training Total 1.25 man-days (max. 10 hours each) on site. Also included in the price are the costs for the one-off arrival and departure time, hotel and travel expenses and daily expenses. The assignment is carried out on weekdays (Monday-Friday; except Sundays and public holidays and/or during night shifts). Prerequisites for the performance of the work during the above-mentioned period are that when the BST technician arrives, all mechanical system components are set up or installed, all cables are laid and connected and the machine is ready for production. Any additional costs, the cause of which not attributable to the fault of BST (e.g. waiting times caused by the fact that the printing material is not ready for production for machine of the BST commissioning) will be charged according to the current service rates separately. The delivery of electrical and mechanical installation materials and their installation are not included in the scope of delivery and services of the commissioning.	1.646,88 € incl. 15% Discount
