10	28.05.2025	ASO1145754INSP010100 TubeScan DS330 ++ System 1 TubeScan Print Inspection System The TubeScan is designed as an optical quality assurance system to be used in high quality printing. The intelligent combination of imaging technology and the strobe principle allows a simple and reliable quality check during printing or finishing. The system consists of a modular designed, highly integrated PC system and a digital camera unit. High-level camera technology and advanced operating elements are used together with the latest microelectronics. TubeScan is available in the variants digital strobe, digital strobe XL and eagle view, which include the following	1,0000	PCS	20.442,00	35,00% Rabatt/Skonto	13.287,30

functions:

1 TubeScan Digital Strobe 330
Web Viewing System for web width < 330 mm
including:
TubeScan Image Capture System with digital camera
high power LED illumination
power supply 100V - 240V, 50/60Hz
friction wheel encoder with spring load bracket
and cable
TubeScan Digital Strobe software
menu guided graphic GUI for intuitive touch
operation
automatic repeat synchronization by reference
image
no additional print mark sensor required
1 Touch monitor for operation
1 Full HD monitor for high-speed web viewing
1 Desktop PC with Intel CPU with Windows 10 (64
bit operating system)

1 Operating mode Fine Inspection (Digital
1 Strobe++)
Upgrade of a TubeScan web monitoring system to a
TubeScan++ inspection system
detection of missing labels and fine print
inspection for small defect sizes featuring:
job management
multi-zone processing (adjustable inspection
sensitivity)
masking function
auto matrix detection
selectable 'averaging' mode
fine-text algorithm
inspection on up to 20 lanes with adjustable
width
individual defect counter per lane
global repeat and defect counter
generation of binary defect output upon finding a
defect (150 mA, 0 V low, +24 V high)

1 Power cord EU
Power cord with plug type for EU.

1 Camera type 4000
Camera option with higher resolution using 2
cameras
(4000 Pixel)

NOTE:

Our deliveries and services are based on our general Terms and Conditions.
In particular we refer to the reservation of property in all its forms.
Our general Terms and Conditions are available on our homepage
<https://www.bst.elexis.group/en/global/general-terms-and-conditions>.
We reserve the right to have the products shipped by our German shareholding corporation BST GmbH in our name and on our account.

Attention: Deliveries from these goods/products, software, technologies to other countries (e.g. embargo affected countries) or other receivers can be subject to authorization or can be prohibited. We refer to the current Embargo restriction of the European Union. Info: Germany: www.bafa.de

The Customer warrants that the supplied goods will not be (re-)exported to or for the use in Russia or Belarus.

If the Customer (re-)exports the supplied goods to or for the use in Russia or Belarus, the Seller has the right to terminate the contract with immediate effect and will notify the competent authorities of the respective breach.
